## PLATINUM FACTS

### PURE

Platinum is a naturally white metal, so it will not cast color into a diamond.

### RARE

Found very few places in the world, platinum is 30 times more rare than gold.

### SECURE

Platinum does not change shape or wear away, making it the most secure setting for precious stones.

### ENDURING

Highly dense and durable, platinum jewelry can be cherished for generations.

### HYPOALLERGENIC

Platinum's purity makes it naturally hypoallergenic, ideal for people with sensitive skin or allergies.

### COVETED

As most women's preferred metal, platinum befits the ultimate commitment.

### SIGNIFICANT

Platinum's density gives it a distinctive weight, and therefore significance.
